1- General Construction Works

GC01	General Building Contracting Works	All type of building works in connection with any structure, being built or to be built, for the support, shelter and enclosure of persons, animals, chattels or movable property of any kind, requiring in its construction the use of more than two unrelated building trades and crafts.
GC02	General Civil Contracting Works	Works involving concrete, masonry and steel in bridges, sewers, culverts, reservoirs, retaining walls, canals, drainage systems, underground structures, cutting and filling of embankment, revetments, excavation of deep trenches, scraping of sub-soil, surface drainage works, flexible pavement, rigid pavement, open car parks and related works such as kerbs and footways. Works involving dredging and reclamation work. Works involving marine piling and the construction of marine structures such as jetties, quay walls, and sea walls.

2- Specific Building Construction Work

OB01	Concrete Works	All works related to the preparation and casting of reinforced concrete structures including sub and super structure of buildings, casting of foundations and footings for non-building structures and the pre-casting of concrete.
OB02	Masonry & Plastering Works	Construction of masonry walls in buildings, boundary and retaining masonry walls, plastering and screeding using mortar mixes.
OB03	Tiling Works	Indoor and outdoor tiling to include specialist tiles fixing using tiling agents and the treatment and cleaning of tiles.
OB04	Glazing & Cladding Works	Supply and installation of curtain walls, windows, louvers, glass, ironmongery, sliding and folding doors.
OB05	Painting Works	Interior and exterior painting works in buildings including specialist finishes. This also includes marine painting works including the cleaning and painting of metal surfaces.
OB06	Steel & Welding Works	Includes the erection of steel building structures and the fabrication of steel members for structural use. It includes the fabrication of steel structure such as tanks, towers, pipes etc.
OB07	Carpentry & Interior Finishing Works	Interior design, planning and the decoration of buildings. This includes ceiling panels, partitions, built-in fittings, raised floor works, plastering and tiling.
OB08	Excavation & Demolition Works	This head covers all general demolition and excavation works.
OB09	Concrete Repair & Corrosion Protection Works	This head covers the reinforcement of structures and joints through the use of cement-sand-mortar mix or the injection of slurry into joints and cracks in concrete structure and the application or spraying of cement-sand-mortar onto surface of reinforced concrete work. Corrosion protection work on metal surfaces and structures. Includes process such as cathodic, anodic, and electrolytic protection.

3- Specialist Mechanical & Electrical Contractors

ME01	Air-Conditioning & Ventilation Works	The installation, commissioning, maintenance and repair of air-conditioning, refrigeration, cold rooms, and ventilation systems.
ME02	Building Automation, Control, Communication & Security Systems	Installation and maintenance of microprocessor or computer based building control systems (e.g. integrated environmental control, fire and security computer control system), and industrial process control systems.
ME03	Electrical & Power Distribution Works	The installation, testing, commissioning, maintenance and repair of electrical based systems. Applicants must employ a person who has a valid electrical license.
ME04	Fire Protection	Installation and maintenance of fire alarm, prevention and protection system.
ME05	Vertical & Horizontal Transport Systems	This covers the installations, commissioning and maintenance of lifts, escalators and travellers.
ME06	Telephone & Telecommunication	Wiring works within a building for telecommunication and communication purposes.
ME07	Mechanical Works	The installation, commissioning, maintenance and repair of mechanical plant, machinery and systems.
ME08	Plumbing & Sanitary Works	Installation, repairs and servicing of water and gas pipes, sanitary work and plumbing fixtures.

4- Other Works

OW	Other Works	Other works contractor works not covered by any of the above work heads.
